## Microsoft Publisher...

### What for is this programe?

Microsoft Publisher is a part of Office package for making printed publications as invitations, certificates, flyers, brochures, calendars, catalogs, newspapers...

#### Using in school

Teachers and students could use Publisher to present new facts, demonstrate parts of material in a new way or summary of repetition.

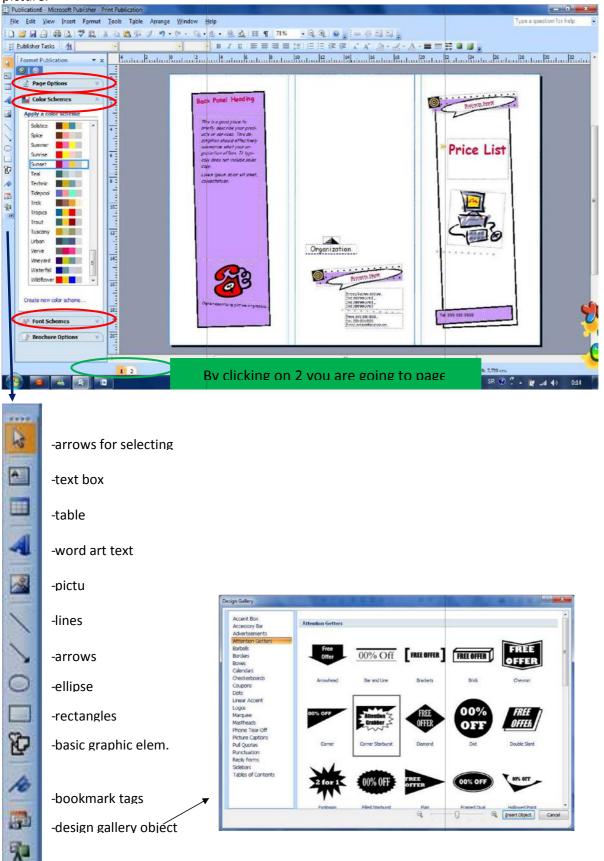

#### How to use Publisher?

Start Publisher. On the left side there is list of applications. If you choose *Brochures* there is a plenty of possibilities for design. Choose design and you will see the open window with sheme of brochure.
